To whom it may concern:

This is a letter of recommendation for Lorenzo Marchetta and Super 7 Group. Earlier this year, my wife and I undertook a major renovation of our home. This included demolition and structural changes to much of the house and then rebuilding and installation of finishes on all three floors. Our original contractor was unable to complete the job as expected and required help from someone more experienced. Lorenzo of Super Seven Group was referred to us at this point. Lorenzo was able to take over the job and complete all of the unfinished work on-time and on-budget. Lorenzo was extremely competent, reliable, and efficient in his work. Lorenzo was consistently pleasant and professional throughout our dealings with him and was reachable and diligent about meeting deadlines, including working on weekends and after-hours whenever necessary.

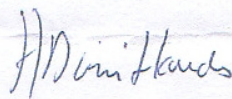

We have no hesitation referring Lorenzo for any type of building contracting work.

We would be pleased to receive any inquiries about Mr. Marchetta.

Sincerely,

Dr. D. Dimitrakoudis

Dr. H. Dimitrakoudis
